

COMPASS

To Whom It May Concern:

It is without hesitation that I write this letter of support for Tony Velardo to New England TeleData. Tony has worked for COMPASS for over ten years, helping us coordinate our communication system between two buildings located over five hundred feet apart, on a campus type-site. Tony has only been a phone call away whenever there has been a problem and/or question. Tony has also been a teacher in helping staff understand a new system. I can personally attest that whenever there has been any type of problem, Tony has stayed with us until it was corrected.

Thank you for your attention to this matter. If I can be of further assistance, please call me at your convenience at (617)524-2333, ext. 222.

Sincerely,

John J. Lydon
