To whom it may concern,

Tony Verlardo of N.E. TeleData was recommended to me several years ago by a business associate. One very important quality for a small business like ours is the close and personal attention given to us by Tony. We replaced our old Merlin phones with Toshiba equipment. After the equipment was install Tony came back and stayed with my office staff and trained them all until they were comfortable with all the options available.

I would recommend New England TeleData to anyone that was looking to upgrade.

Sincerely,

Richard Cona
